

A rustic interior scene featuring a large, multi-tiered stone fireplace with a bright fire burning in the hearth. The fireplace is constructed from dark, rough-hewn stones. Above the fireplace, a thick wooden mantel is decorated with several large, cut logs. Above the mantel, a decorative railing is made of vertical driftwood branches. The walls are made of dark wood, and there are windows on either side of the fireplace. In the foreground, a dark leather sofa is visible, and a coffee table holds a lit candle.
